Food Parcel Delivery

Some photos of our team distributing food parcels in the community of Embo.

Pray for Thembi

This is Thembi and her daughter, a very needy family. Thembi is not doing well at a moment, please pray for her.

A Helping Hand

This is Gladys helping Mrs. Ngcobo who has 5 children.

Delivery

Olga (our Clinic Lay Councillor) and Faith (our Clinic General Worker) offloading food parcels for needy patients on chronic medication.

Pray for this Family

I think I shared the sad story of these two girls that were abused and eventually became pregnant. Their mother was an alcoholic and through your prayers gave her life to Jesus. The two girls came to church two weeks ago sharing in tears that their mum has been missing for 3 weeks. Apparently, she had a fight with another lady in Embo and was so upset that she decided to burn down the lady's house. This is the reason she decided to disappear from Embo, and the police are busy tracing her. Sister Chauka from our clinic said the other baby is malnourished. These girls are part of the group that collect food parcels from our clinic. Please keep them in your prayers.

Thank You

I have lot of photos if the food parcel project but have sent these few to fit in our newsletter. I and the board of the church greatly appreciate your support. I must say our community are so thankful for all we do as a church which is impossible without your support. May our Saviour Jesus Christ bless you.
